

Alert: Your employer may match your gifts to KUOW

Last year KUOW received more than \$500,000 from companies all over the country because members submitted matching requests to their employers. That's \$500,000 more to support the KUOW programs you count on and enjoy every day!

Many companies and organizations match their employees' giving. Microsoft, Boeing, Costco, Starbucks and Google are among the many companies in our region that generously support KUOW through their matching gift programs.

In most cases, a match from your company will double the amount of your gift.

Here's how to participate:

1. Confirm with your human resources department that your employer matches gifts.
2. Save your KUOW acknowledgement after making a donation or record the date and amount of your gift.
3. Follow your company's process for matching a gift. Some are done online and some requests are completed through a paper form.

If a paper form is used, fill out the donor info and send to:

KUOW
